Subject: St. Croix Meadow/Proposed Tribal Casino Project

Dear Ms. Tesch:

The Mississippi Valley Archaeology Center (MVAC) has conducted an archival review of the proposed tribal casino project in St. Croix County. In addition to MVAC's records, I have also checked into the Archaeological Site Inventory on file at the State Historical Society of Wisconsin. There are currently no archaeological sites reported within one mile of the project location (2819W-06).

While there are no archaeological sites reported within the project location, there is always the possibility of the discovery of archaeological materials during construction. If cultural materials are discovered during construction, please notify the Historic Preservation Office of the State Historical Society of Wisconsin.

If you have any further needs or questions, feel free to contact me at (608) 785-8454.

Sincerely,

Jean Dowiasch
Asst. Regional Archaeologist
